9/5/08

Dear Maintenance Director,

I am writing to let you know about the 2008 School IPM recognition Awards. This program was initiated to recognize and honor school districts that are implementing and utilizing Integrated Pest Management (IPM), and to encourage greater participation of the school community in school IPM programs. Through this recognition program, your school community and parents become aware of how hard you are working to keep the schools safer for children and free of pests.

You are highly encouraged to participate. To be considered, please fill the application form and return it with the supporting documents by **9/15/06**. Just fill the parts that pertain to your school district and we will rate your school district based on responses.

I look forward to receiving your application packet.

Sincerely,

Godfrey Nalyanya PhD.
Extension Specialist
