Dr. Godfrey Nalyanya  
North Carolina State University  
Dept. of Crop Science  
Raleigh, North Carolina 27695-7620

Dear Dr. Nalyanya,

I would like to thank you for taking time out to visit Gates County Schools and assisting in implementing an IPM program.

The information and demonstration of the use of IPM approved methods and materials has been a success, especially in troubleshooting the problem we had at Gates County High School on September 7, 2006.

There has been tremendous progress in controlling the pest in all of our schools in our District. Even the awareness level of teachers and staff has improved. Hopefully this will continue as we all know this is an on going process.

We are well under way to improving our schools and promote a safe and healthier environment for all.

Sincerely,

A handwritten signature in black ink that reads "Phillip K. Taylor".

Phillip K. Taylor
